Requester Information

Name: _____ Dept: _____

Contact: _____ Location: _____

Issue Intake

Describe the issue in the requester's own words.

Impact Assessment

Answer to help set initial priority (see Clinical/Operational Priority reference for full definitions).

- How many people are affected? (one user / one team / multiple teams / organization-wide)
- Is there a safe workaround available right now?
- Is any patient-facing or safety-critical system involved?
- When did the issue start?

Initial Categorization

Priority: _____ Category: _____

Assigned to: _____ Time logged: _____
