Healthcare IT Portfolio Brief Template

Four-part structure for three simulated Tier 1 ticket case records

FILLABLE PDF

CANDIDATE

PORTFOLIO TITLE

1 Situation Framing

Environment + content + Tier 1 scope

2 Ticket Summaries

Category + authorized action + result or escalation

TICKET 1

TICKET 2

TICKET 3

3 Technical Disciplines Demonstrated

Name the evidence; do not overstate administration scope

Endpoint and Microsoft 365 Support

EHR and Clinical Application Support

Service Desk and Technical Documentation

Privacy, Security, and Escalation

4 Career Readiness Signals

3-4 observable behaviors; no generic soft skills

PRIVACY AND SCOPE CHECK

Use role labels, minimum-necessary detail, and authorized evidence references. Do not include real patient information, credentials, or production screenshots. Label simulated work clearly. Target length: 300 words or fewer.

A ticket may end as resolved, pending, or escalated; accurate disposition is stronger than a forced resolution.
